

Who are the future leaders of your organization?

What skills will they need?
How, where & when will they acquire them?

WE HAVE A FEW IDEAS

Our two-day Succession Sprint will help you define the future-leader skills YOUR organization needs, based on:

➔ your industry

➔ your business goals

➔ your specialty

We'll create an actionable implementation plan that will define career paths and career growth opportunities that result in

30%

**Easier Recruiting
Increased Retention
A Leadership Pipeline
and ROI of
30- 50%**

50%

Details

Two-consecutive-days at your site
(or off-site if you prefer)

Discussion and identification of future skills needed for your business success

All current senior leadership is involved

After the sprint we go away and create a plan of action for you - which you can implement yourselves or discuss our future involvement based on your internal capabilities and time available

Identification of potential future leaders

Assessment of current skills
